Subject: Application for the Dubai Business Associates (DBA) Program

Dear Admissions Committee,

I am excited to apply for the **Dubai Business Associates (DBA) program**, an opportunity that aligns perfectly with my aspirations for professional growth in business, leadership, and innovation. With a background in **engineering and web development**, I am eager to enhance my business acumen and contribute to Dubai's dynamic global landscape.

I completed my **Bachelor of Engineering in Electrical and Electronics Engineering (EEE) in June 2023** and currently work as a **Web Development Intern at CyberSquare**. My technical background has given me a strong foundation in problem-solving, analytical thinking, and adaptability—skills essential for business leadership. Working in a **fast-paced tech environment**, I have developed a keen interest in business strategy, digital transformation, and global markets.

The DBA program's focus on **consulting, entrepreneurship, and leadership** deeply resonates with my career goals. I am particularly drawn to the opportunity to engage with **leading organizations, global mentors, and diverse cohorts**, which I believe will shape me into a well-rounded professional capable of driving impact in the business world.

I am eager to bring my **technical expertise, problem-solving skills, and a global mindset** to the program while learning from industry leaders in Dubai. Given the opportunity, I am confident that I can contribute positively to the DBA community while growing into a future business leader.

Thank you for your time and consideration. I look forward to the possibility of joining this prestigious program and contributing to its success. Please feel free to contact me if any additional information is required.

Sincerely,
Shabin Sakeer
